

We are required by the Bar Standards Board to publish an anonymised summary of chambers' diversity data in respect of all barristers and staff once every three years.

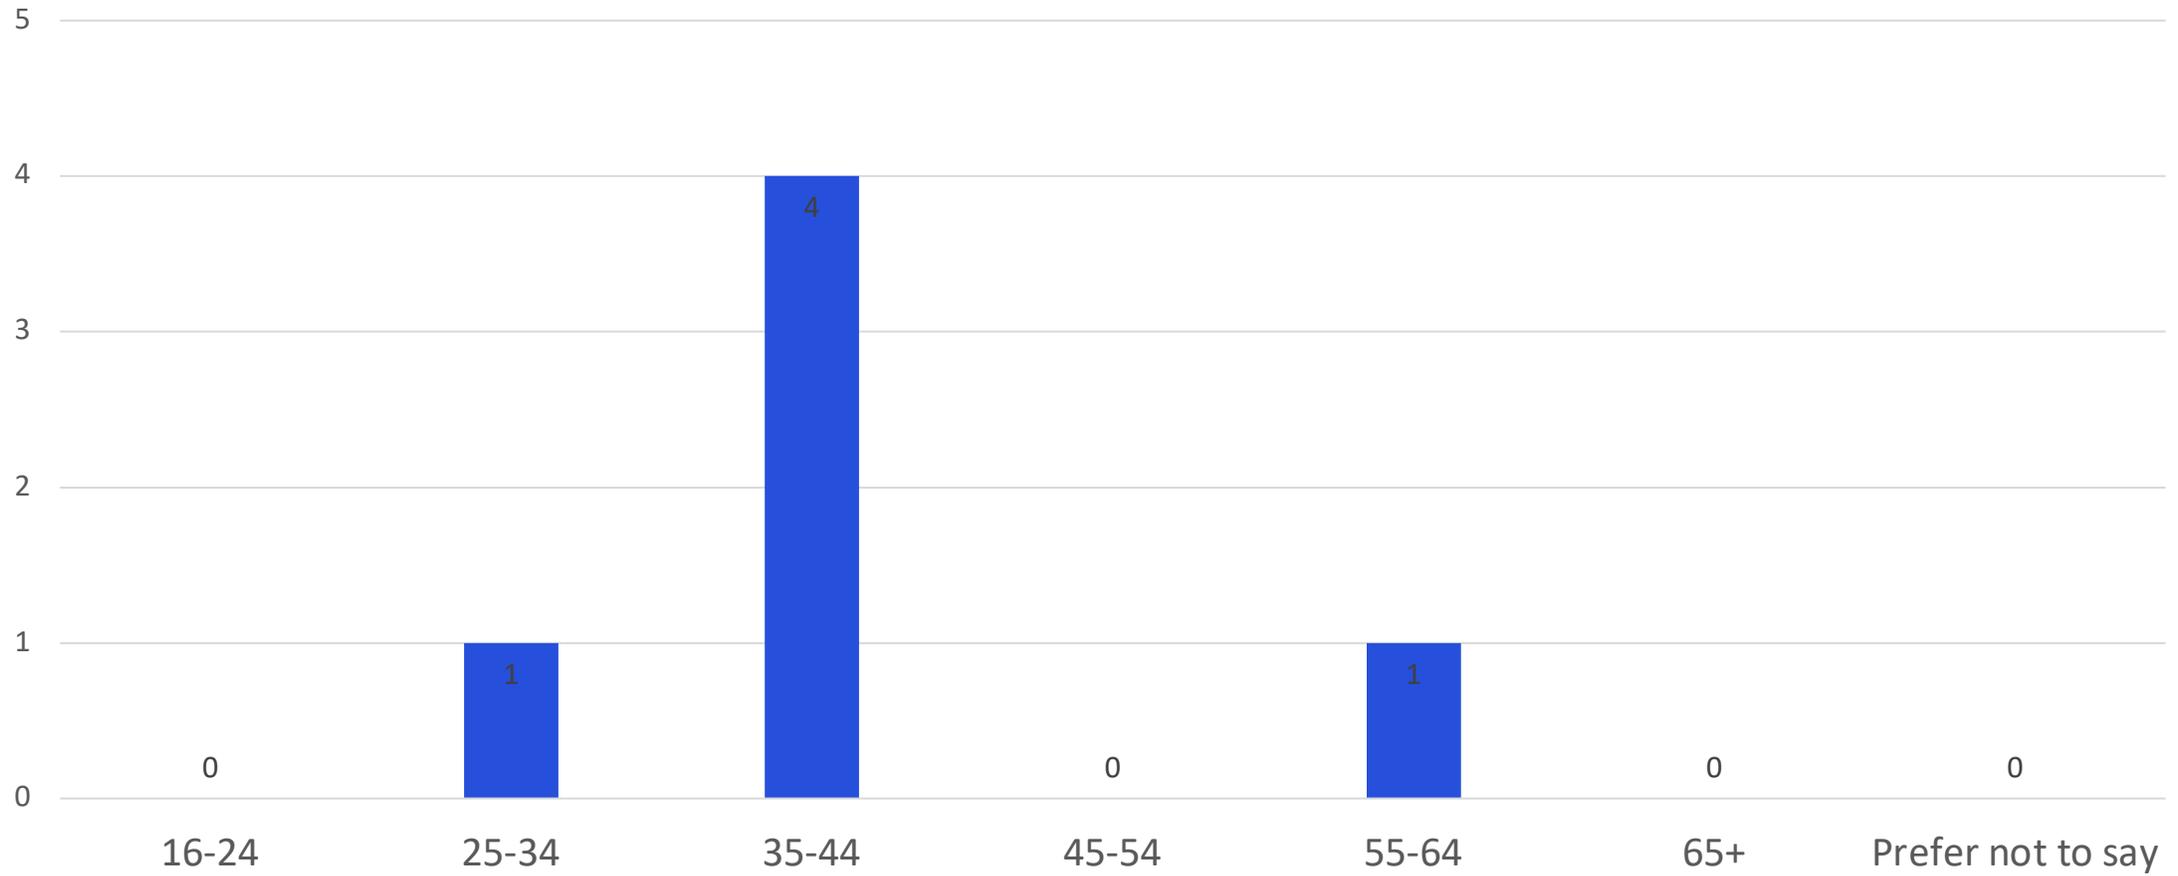

Halcyon chambers have a total of 21 barristers including tenants, door tenants and pupils, and a total of 4 members of staff.

For the purpose of diversity data collection, 6 barristers (29%) and 4 members of staff (100%) responded to the request.

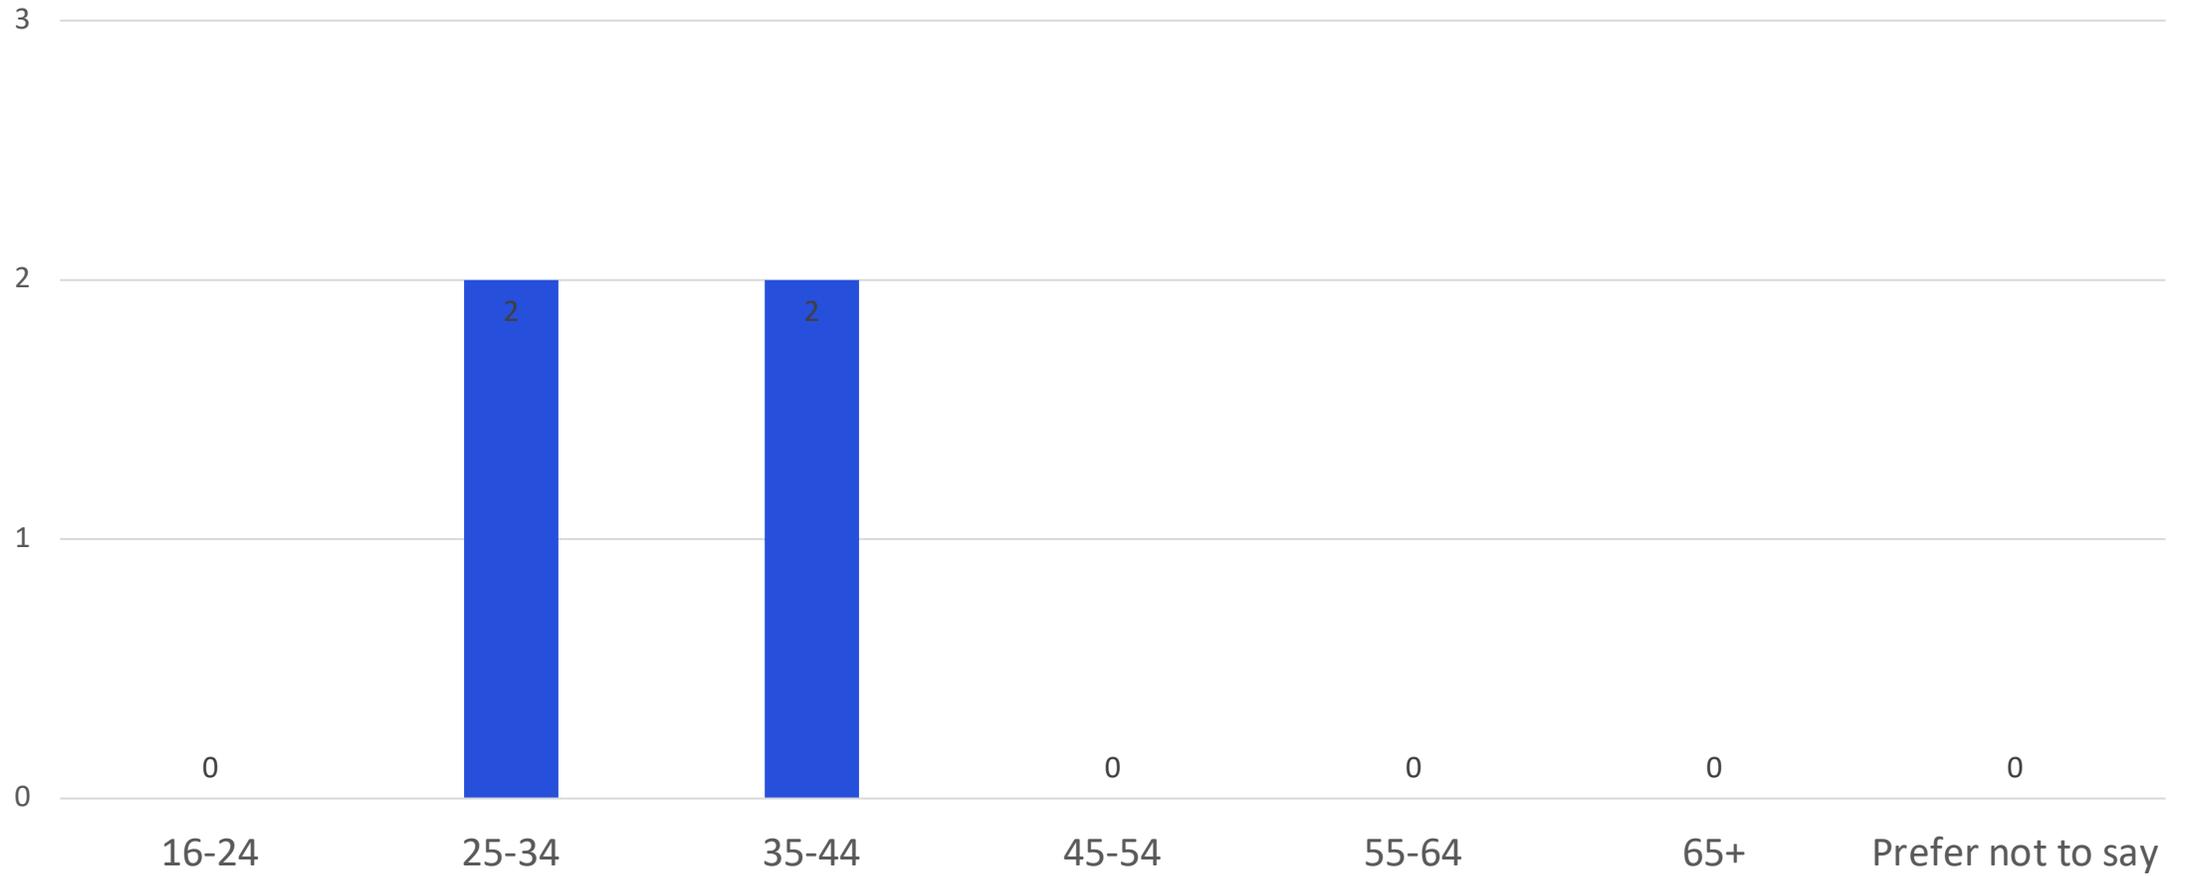

We have made every effort to ensure that, so far as is possible, save where express consent has otherwise been given, that no individual can be identified from the anonymized data.
